Sir:

This document repeats the Request filed on or about April 5, 2002 to which no response has been received.

A corrected filing receipt and Notice of Acceptance is requested in connection with the above-identified application, indicating a correct filing date and date of receipt of required documents of December 7, 2001 as evidenced by the enclosed stamped receipt, and removing the

indication that small entity status applies. The filing receipt and Notice mailed March 1, 2002 incorrectly indicate a filing date of February 12, 2002 and small entity status.

All of the documents necessary to institute the U.S. national phase of this application were filed in the U.S. Patent and Trademark Office on December 7, 2001, including a filing fee of \$890.00 applicable for a large entity. Although a Notification of Missing Requirements was mailed on January 31, 2002, such Notification was incorrect in objecting to the originally filed Declaration for the reasons set forth in the Response filed February 12, 2002. The date of filing the Response is improperly used as the filing date.

A corrected page 2 of the Transmittal letter was also previously submitted and showing the \$890.00 filing fee. No small entity status has been requested.

Prompt and favorable action is solicited.

Respectfully submitted,

Dated: Oct 15, 2002
